

Mary's Color Bar Features New Germproof Paint Now

A new germ-proof vinyl plastic paint, heretofore unknown on the West Coast, is now being introduced in this area by Mary's Color Bar, 1424 Marcelina.

The new germ-proof paint, manufactured by Olympic Paint and Varnish Co. of Los Angeles and Berkeley, is the same product which created a sensation in Europe when introduced 10 years ago.

Germ-Killed
Containing APR (Anti-Microbial Process Reagent), a non-poisonous additive, this new germ-proof paint kills most germs on contact. Any painted surface containing this APR is sure death to germs and organisms which cause such diseases as strep throat, nephritis, erysipelas, tonsillitis, typhoid fever, food poisoning and many others, according to leading laboratory tests.

"Germs carried to surfaces by the air," reported one of the bacteriologists conducting tests, "are destroyed after contact with the germ-proof paint

finish. Contamination spreading from walls to hand and food is thus no longer possible."

In 300 Colors
This new germ-proof paint is odorless, easy to apply and produces a flat finish that is ultra washable. It is safe to use anywhere as it contains no poisonous ingredients, harmful chemicals or compounds, and is available in more than 300 popular colors.

"Germ-proof paint, by its very function, is a boon to homes, hospitals, restaurants or other food-processing establishments, and is indeed a revolutionary product destined to improve the sanitary conditions of all wall surfaces and is a broad step toward safeguarding the health of the community," local technicians proclaim.

Tom Coulter Honored for Best Article

For writing the best article on his experience aboard the U. S. Navy aircraft carrier, the U.S.S. Princeton, Tom Coulter, 109 E. 214th St., this week was presented with a commendatory scroll by County Supervisor Kenneth Hahn.

A senior at Banning High School, Coulter, who is 16 years of age, was among 400 high school journalism students who spent last May 6 aboard the carrier and then competed in preparing stories of the event.

Supervisor Hahn, who holds a Naval Reserve rank of lieutenant, was aboard the Princeton for the day's cruise and later authored a resolution, unanimously adopted by the Board of Supervisors, lauding the participants.

ESSAY WINNERS . . . Tom Coulter, 109 E. 214th St. (left), displays a scroll which he was given Tuesday by County Supervisor Kenneth Hahn for writing the best article about his visit to the USS Princeton. Others shown are Rear Admiral C. C. Hartman, commandant of the 11th Naval District; Supervisor Hahn, and William Moritz, representing Banning High School, winner of the sweepstakes awards for articles written by all its students. Coulter won the individual prize.

Plans Readied for Annual Real Estate Convention

Roy A. Shaw, president of the Torrance-Lomita Board of Realtors, announced that plans are nearing completion for the 53rd annual convention of California Real Estate Assn. to be held at the Biltmore Hotel in Los Angeles, October 6-10, according to information received from J. Mortimer Clark of San Francisco, president of the 25,000 member association of Realtors.

"Among the nationally prominent speakers scheduled to address the convention are James Q. duPont of the E. I. duPont de Nemours and Co., in Wilmington, Del.; Eugene P. Conser, executive vice president of the National Association of Real Estate Boards and secretary-general of the International Real Estate Federation; Tom Collins, noted humorist-philosopher of Kansas City; James C. Downs Jr., of Chicago, president of the Real Estate Research Corp.; and Herbert L. Breted, CREA general counsel," said Roy A. Shaw.

Clive Graham of Long Beach, general convention chairman, and Harold Weinholt of Los Angeles, program chairman, announced that the convention's general sessions will be held in the huge 2648-seat Philharmonic Auditorium

to accommodate the large attendance. Gov. Goodwin J. Knight will deliver the keynote address at the Philharmonic.

Social Events Set
Reservations are also being received at the CREA office for the many social events which will be conducted during the convention including the president's dinner-dance to be held in the Biltmore Bowl. This latter event is always sold out far in advance of the convention opening.

Shaw said that the delegation from Torrance, Lomita and Harbor City will be larger than at any other convention, and that the Torrance-Lomita Board of Realtors will be in contention for awards in the "Quota-Busters Club," an honorary organization of those real estate boards having an attendance at the convention in excess of their quotas assigned by CREA. Each board meeting its quota will receive a beautiful blue and gold banner imprinted with the "Realtors' Creed" for display at its meetings. The three winners exceeding their quota by the largest percentage will receive NAREB bronze gongs.

Rotary Club Will Hear of Natural Gas

Through a series of experiments, the properties and characteristics of natural gas will be demonstrated at 6:30 tonight at the dinner meeting of the Rotary Club at the Women's Club House, 1422 Engracla Ave.

Presenting the demonstration and accompanying talk will be J. C. Byrne, Public Relations Representative for the Southern California Gas Company. His topic will be "Facts About Natural Gas."

Using custom-built portable equipment and special lighting effects, Byrne will point up the cleanliness and safety of natural gas by graphically showing how it behaves and bringing out certain key points of good usage.
